

MOUNT CAP

Owners manual

DISCLAIMER:

dEVIAN pRINT™ camera mounts **DO NOT** eliminate or substitute the use of a quick release/cutaway system on your helmet or gear, where dEVIAN pRINT™ products are installed.

By customer's request we develop mounts that can be fixed with screws to your equipment, but all dEVIAN pRINT™ camera mounts are sold with an option that requires no modification or tampering with your equipment (drilling, etc.). Such modifications may reduce the original protection effectiveness of the equipment for which it was designed, and are not promoted or supported by dEVIAN pRINT™.

dEVIAN pRINT™ helmet specific camera mounts should only be used on the helmet to which it was designed for. If a helmet specific mount is used on another helmet model, the end user is solely responsible for that decision, and dEVIAN pRINT™ will not accept any responsibility for that action.

At dEVIAN pRINT™ we promote safety above all else, and we design our products with that in mind.

If you have any suggestions on how to improve our products, all comments are welcomed!
